Sam volunteers as kitchen minion.

Will to be voluntold to do things.

Cooking can't happen at event for some dumb reason. Food must be prepared before hand and only reheated at venue. Menu must be looked over to see how viable this is for each dish.

Bring leather to collegium to use in event. We should also go to market stall. Will to help on collegium.

We should run another dice workshop with the other clubs. Also must talk about the possibility for a cloak making workshop – Other clubs must pay for fabric on this one.

Roobi arrived, re-talk about everything already said about newcomers.

We need to wait for approval to give food at newcomers. We will start advertising in a 'save the date' fashion to accommodate the possibility it will not happen.

Advertising to start in 2 days.
